SIDP Program: ASM Microbe Society Day

Date: June 1st, 2017
Ernest N. Morial Convention Center
New Orleans, LA

Description
The SIDP Programming at ASM Microbe Society Day is intended for pharmacists or other individuals who have interest in the topics. The meeting will be held at the New Orleans Convention Center as part of the ASM Microbe Society Day. The CE sessions are interactive, knowledge-based and focus in the areas of optimization of antimicrobial therapy and promotion of antimicrobial stewardship programs.

Program Agenda

11:00  Open Registration

12:00  President’s Welcome & SIDP Update

12:15  The Changing Landscape of Stewardship- Insights from SIDP
       (ACPE UAN 0072-9999-17-014-L04-P) Knowledge-based
       Speaker: Elizabeth Dodds-Ashley, PharmD, MHS, BCPS

12:45  Beta-lactam Allergies: Facts and Fears
       (ACPE UAN 0072-9999-17-015-L01-P) Knowledge-based
       Speaker: Meghan Jeffres, PharmD

1:30-2:00  Break

2:00  Utility of Rapid Diagnostics in Staphylococcus aureus Bacteremia in Antimicrobial Stewardship Programs
       (ACPE UAN 0072-9999-17-016-L04-P) Knowledge-based
       Speaker: Jerod Nagel, PharmD

2:45  Behavior Change Interventions. What works?
       (ACPE UAN 0072-9999-17-017-L04-P) Knowledge-based
       Speaker: Conan MacDougall, PharmD, MAS

3:30-4:30  Keynote Lecture: Emerging Infections from A to Zika
           (ACPE UAN 0072-9999-17-018-L01-P) Knowledge-based
           Speaker: Scott Fridkin, MD

5:00  ASM Opening
     New Orleans Convention Center
Learning Objectives

The Changing Landscape of Stewardship and Update from SIDP
Speaker: Elizabeth Dodds-Ashley, PharmD
Objectives:
1. Review new regulatory requirements related to Antimicrobial Stewardship
2. Discuss ways to ensure compliance with ASP regulations
3. Describe the role SIDP plays in assisting its members with meeting regulations and recommendations regarding antimicrobial stewardship programs

Beta-lactam Allergies: Facts and Fears:
Speaker: Meghan Jeffres, PharmD
Objectives:
1. Identify risk of cross-reactivity among beta-lactams
2. Discuss the utility of penicillin-skin testing for patients labeled as penicillin allergic
3. Review medical negligence cases involving beta-lactam use in penicillin allergic patients

Behavior Change and Antimicrobial Stewardship: What Works?
Speaker: Conan MacDougall, PharmD, MAS
Objectives:
1. Discuss interventions that have been shown to produce positive behavioral change in health care
2. Describe the effectiveness of different behavioral interventions
3. Identify which interventions are most likely to be beneficial in your practice setting

Utility of Rapid Diagnostics in Staphylococcus aureus Bacteremia in Antimicrobial Stewardship Programs
Speaker: Jerod Nagel, PharmD
Objectives:
1. Discuss how rapid diagnostics can improve management of S.aureus bacteremia
2. List the commercially available rapid diagnostic tests available in the care of patients with S.aureus bacteremia
3. Describe ways that rapid diagnostics can be incorporated into an effective antimicrobial stewardship program to improve outcomes in patients with S.aureus bacteremia

Keynote lecture: Emerging Infections from A to Zika
Speaker: Scott Fridkin, MD
1. Identify current and recent emerging infections we face today
2. List emerging infections by their level of threat in the United States
3. Discuss the role pharmacists play in education and management of emerging infections as part of a multidisciplinary response
SIDP Program: ASM Microbe Society Day

Date: June 1st, 2017
Ernest N. Morial Convention Center
New Orleans, LA

Faculty:

Elizabeth Dodds-Ashley, PharmD, MHS, BCPS
Associate Director of Clinical Pharmacy Services and Infectious Diseases Pharmacy
Department of Pharmacy, University of Rochester Medical Center
Instructor of Medicine, School of Medicine and Dentistry
University of Rochester
Rochester, New York

Adjunct Assistant Professor of the Department of Medicine
Division of Infectious Diseases and International Health
Duke University Medical Center
Durham, NC

Meghan Jeffres, PharmD
Assistant Professor, Department of Clinical Pharmacy
University of Colorado, Skaggs School of Pharmacy and Pharmaceutical Sciences
Aurora, CO

Conan MacDougall, PharmD, MAS
Associate Professor of Clinical Pharmacy, Department of Clinical Pharmacy
University of California, San Francisco
San Francisco, CA

Jerod Nagel Pharm.D
Pharmacy Specialist, Infectious Diseases
University of Michigan Health System
Ann Arbor, MI

Scott Fridkin, MD
Professor of Medicine
Emory University School of Medicine
Professor of Epidemiology
Rollins School of Public Health
Atlanta, GA
SIDP Program: ASM Microbe Society Day

Date: June 1st, 2017
Ernest N. Morial Convention Center
New Orleans, LA

Continuing Education Credit

West Virginia University School of Pharmacy (WVUSoP) is accredited by the Accreditation Council for Pharmacy Education (ACPE) as a provider of continuing pharmacy education (CPE). This activity (ACPE UAN 0072-9999-17-013 to 018) is approved up to a total of 3.75 contact hours for pharmacists. WVUSoP will report your participation in the program to NABP CPE Monitor within 60 days for all participants who successfully complete each activity. Successful completion includes: attending the entire activity, signing the attendance sheet and completing an online evaluation form for each activity attended. If needed, a statement of credit may be printed on-line by going to your NABP CPE account or personal account in our database http://pharmacyce.wvu.edu/user/login.

PLEASE NOTE ONLY PHARMACY CE PROVIDED.

Registration Information

To register, click here. Please RSVP no later than May 15, 2017. If you RSVP to attend but have to cancel, please notify the SIDP office of your cancellation (info@sidp.org). Please note: once you complete the registration, you are automatically registered and will not receive e-mail verification. Fee for non-SIDP members is $50. Checks should be mailed to: SIDP, 823 Congress Avenue, Suite 230, Austin, TX 78701
